Dear Patient

It is with heavy heart that I need to let you know that I will be retiring from medical practice on 28 June 2023. It is not a step I take lightly. My passion has always been caring for those who have come to rely on me for their medical needs. It has been my pleasure and privilege to watch people grow through their lives from childhood to adulthood and beyond over forty years of practice and I will miss the daily help I have hopefully provided to you. I have had long discussions with my family about retirement in recent weeks and due to a change in family circumstances we believe that now is the right time to stop GP work. It was one of the hardest decisions I have had to make in my life.

In recent years I have been fortunate to have worked with the medical team at Malvern Medical Centre. Your case notes including my assessments of you over a long period of time are readily accessible and I'm sure your health needs will continue to be met by the other health professionals at Malvern Medical Centre if you desire them to continue your care.

If you have or are commencing alternative arrangements please inform our practice manager.

Thank you for making my working life a rich and fulfilling experience over many years.

With kind regards and fond memories.

**Dr Dom Panozzo**
